Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the simplified prospectus before investing. Mutual funds are not guaranteed and are not covered by the Canada Deposit Insurance Corporation or by any other government deposit insurer. There can be no assurances that the fund will be able to maintain its net asset value per security at a constant amount or that the full amount of your investment in the fund will be returned to you. Fund values change frequently and past performance may not be repeated.

Labour Sponsored Investment Funds ("LSIF") have tax credits that are subject to certain conditions and are generally subject to recapture, if shares are redeemed within eight years. Please note that Mutual Fund Representatives in Alberta are not permitted to sell LSIF.

An investor proposing to borrow for the purchase of securities should be aware that a purchase with borrowed monies involves greater risk than a purchase using cash resources only. The extent of that risk is a determination to be made by each purchaser and will vary depending on the circumstances of the purchaser and the securities purchased.

Discuss the risks associated with leveraged mutual fund purchases with an investment funds advisor before investing. Purchases are subject to suitability requirements. Using borrowed money to finance the purchase of securities involves greater risk than a purchase using cash resources only. If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same if the value of the securities purchased declines.
